Effective Leadership for First Line Managers and Supervisors

(How to Build Engagement, Reduce Conflict and Increase Cooperation)

Here are the shocking facts from Gallup's 2022 national poll of over 14,704 surveyed workers:

FACT: 51% of employees have a perpetual case of the Mondays - they're present but not engaged or excited about their jobs.

FACT: 17% of employees are actively disengaged or, as Gallup CEO, Jim Clifton, describes it , "they roam the halls spreading discontent."

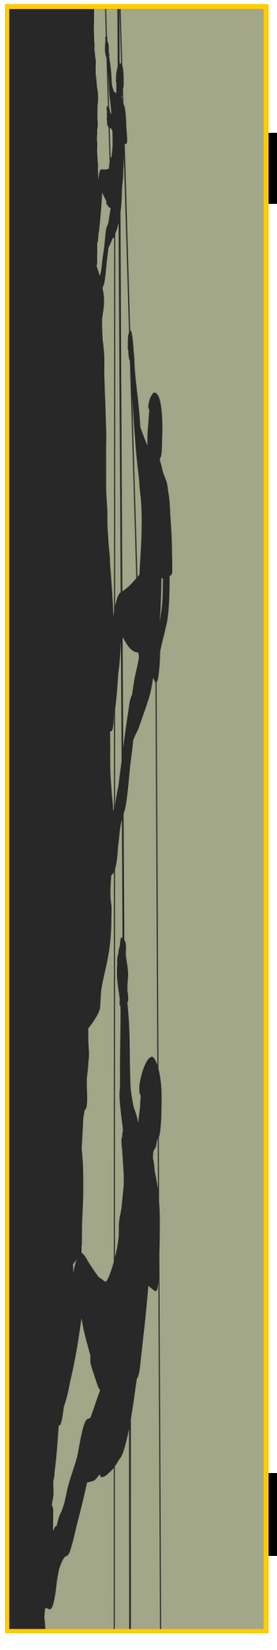

FACT: Actively disengaged employees cost companies up to $550 billion in annually lost productivity.

FACT: This adds up to 68% of staff that have little or no concern about customers, productivity, profitability, waste, safety or mission.

Any leader, manager or supervisor in your company has the opportunity to build or destroy engagement ...
